THE DIRECTOR OF CENTRAL INTELLIGENCE

WASHINGTON, D.C. 20505

Deputy Director for National Foreign Assessment

12 November 1980

MEMORANDUM FOR: Director of Central Intelligence

FROM : Chairman, National Intelligence Council

SUBJECT : Agenda for Your Meeting with Meese Tomorrow

1. Action Requested: None; for information only.

2. Background: Jack Watson called a meeting of transition officers this afternoon to give us a pep talk and introduce some members of the Reagan transition team. Dick Allen was present. I took the opportunity of asking him whether they had any agenda for tomorrow's meeting. He said they did not.

3. The following are points that you might wish to take up.

- Provision of the PDB. I have a fact sheet on the PDB attached as Tab A. You might suggest that I work out the mechanics with their designee unless they want to go into it at this meeting. I will also have the sample copies, distribution lists, etc., that you asked for this morning.
- Clearances of the immediate staff of the President-elect. All three of the Reagan team who will be present have signed oaths this year and Casey and Allan received security briefings in earlier days. Meese has never been briefed. If they will give us a list, we can provide clearances within a few days in most cases.
- Briefings of the President-elect and/or his staff. Your agenda is attached as Tab B. I will have copies. In addition, I have attached as Tab C the agenda that Bruce mentioned to you earlier that we have worked up. I think at this level yours is more appropriate.

- Foreign reactions to the election. I will have a FBIS report that we can give them. I will also have a collection of DDO and NSA material that Frank suggested we pull together. We can mention this, but they will need secure storage, etc., before we can give it to them.
- Immediate problems. You may wish to mention the 81 budget bind and/or Identities legislation.
